NOTICE TO HUNTERS

- ▶ Hunters may encounter locked gates that prevent access to certain areas. Most gates have been erected legally as part of local planning processes. Hunters should check with local government ministries and/ or logging companies on gate locations or other restrictions.
- ▶ First Nations wish to urge hunters to use caution and respect when hunting in traditional territories in the Skeena Region. Please watch for local residents and leave your campsites clean.
- ▶ Mule deer hunters are strongly encouraged to submit a front incisor tooth (including the root) and a photograph of the antlers to any Skeena Ministry office [Regional office: 3726 Alfred Avenue, Smithers (drop off tooth please do not mail)]. A lack of harvest data increases the risk that mule deer seasons will become more restrictive.
- ▶ The Nisga'a Government wishes to urge hunters to use caution when hunting in the Nass Valley, because there may be a large number of people picking mushrooms during the hunting

season.

- ▶ Access to the Endako Mines and Huckleberry Mines Sites (MU 6-4) is prohibited under the Mines and Trespass Acts.
- ▶ Hunters should check regional maps for No Shooting and No Hunting Areas that might apply in areas they wish to hunt (pages 67 - 71). Hunters should note closures in the No Shooting and No Hunting Areas section on page 13.
- ▶ Hunters should be aware that the discharge of a firearm is prohibited within 400 metres of either side of the road allowance of Granisle Highway (Hwy 118) between Topley and Granisle (MU 6-8).
- ▶ The hunting of all wildlife is prohibited within 2 km of either side of the Muddy Lake/Golden Bear Access Rd (MUs 6-22, 6-26).
- ▶ White and blue (Glacier) colour phases of the black bear are closed to hunting. Note that these animals are rarely pure in colour and are usually somewhat dirty. Hunters should pass up any very light-coloured black bear.
- ▶ Lucy Island (in the vicinity of Langara Island, Haida Gwaii) is a Wildlife Sanctuary and hunting, trapping and the discharge of firearms are prohibited (MU 6-13).
- ▶ Please avoid shooting collared wildlife. See page I 4.

BC Moose Tracker App

Play an important role in moose conservation and management with the BC BC MOOSE TRACKER Moose Tracker app.

The app allows hunters to upload information about the moose they encounter directly to a province-wide database, helping wildlife staff monitor moose populations and respond to emerging issues.

The BC Moose Tracker app was developed with support from the Habitat Conservation Trust Foundation and the BC Wildlife Federation.
